Designated Child Protection Teachers: Mr McKane & Mrs Wilson

Our next meeting is this Wednesday 22 January at 7.00pm in Room 12. We've had several parents attend meetings for the first time this year, so if you've never been before, please come along! The PTA is a great way to meet other parents and help raise money for our Outdoor Learning Project.

The deadline for applications for Nursery and Primary 1 places is Friday 24 January 2025 at 12 noon.

Coding and Minecraft

- After School Club -

The STEAM coding club involves pupils tinkering with art, electronic and everyday materials to acquire an understanding of how the world around them works. We support their introduction to science, technology, engineering, arts and maths (STEAM) through fun, engaging activities and projects where they learn how they can demonstrate core scientific principles or create innovations of their own through the use of coding. Our artist-maker ethos prioritizes discovery through age-appropriate experimentation, knowledge-building exercises and practical application of theory in a fun, interactive environment.
